

Group 3200_21

Minutes of Meeting 8

16/09/2026

Present: Christo, Dylan, Lithasa, Murphy, Dhava

Apologies: Terry (late)

Absentees:

Meeting Start: 11:10 am

Meeting End: 11:45pm

Time:	Item #	Topic:	Details:	Action:
1105	1	Meeting Start		
1110	2	Client	Client Demo Plan: 1. Demo gesture id 2. Demo person id 3. Questions - Mujoco only receives low level command, should we save testing high level commands for the robot? - What should the person_id mujoco robot do with the information - Check if its good enough to click on the person to select as leader, or if we need a different way to identify the leader	
1120	3	Sub-teams	Remind roles: - Christo -> testing/documentation - Dylan -> project manager/testing - Lithasa -> Developer (to be project manager next sprint) - Terry -> Developer - Murphy -> Developer - Dhava -> Developer	Dhava to make sure person_id code runs on ubuntu and linked to mujoco Christo to merge all related gesture id branches into one.
1130	4	auditor	Confirmed meeting on the 23 rd September, 12pm.	
1135	5	Mentor	Record tasks and to do lists as issues on github, to let mentor stay up to date on what we are currently working on.	Lithasa to create agenda for the mentor meeting.
1140	6	Sprint 2	Allocated roles: - Dylan -> Record minutes - Christo -> Retrospective - Lithas and Murphy -> Story - Terry and Dhava -> Client documents To ask client: - Confirm user stories, ask if we need to add anymore	Christo to send Dylan Retrospective Lithasa and Murphy to finish story by 9pm today. Everyone to message on whatsapp when their respective roles have been finished.

			- Check what documents client requires.	
1145	7	Meeting End
